These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standard comprise of such International Financial Reporting Standard (IFRS) issued by the International Accounting Standard Board as are notified under the companies ordinance, 1984, provisions of and directives issued under the companies ordinance, 1984. In case requirements differ, the provisions or directives of the companies ordinance, 1984 shall prevail.

ACCOUNTING CONVENTION

These accounts have been prepared under historical cost convention, except for measurement of

4 SIGNIFICANT ACCOUNTING POLICIES

4.1 TAXATION

Provision for current tax is based on the taxable income for the year determined in accordance

4.2 PROPERTY PLANT & EQUIPMENT

Owned assets

Tangible fixed assets are stated at cost less accumulated depreciation or impairment, if any, except capital work in progress which is stated at cost.

Intangible assets with finite useful life are initially recorded at cost and are amortized over its finite

Intangible assets with indefinite useful life are not amortized. The useful life is reviewed each period to determine whether events and circumstances continue to support an indefinite useful life

Normal repairs and maintenance are charged to income as and when incurred. Major renewals

Gains and losses on disposal of fixed assets are included in income currently.

Depreciation and amortization

Depreciation on all tangible, operating, owned and leased assets is charged to income applying the straight line method, whereby, the cost of an asset is written off over its estimated useful lives. Amortization on intangible assets is written off over its estimated useful life using the straight line method, whereby, the cost of an intangible asset is written off over its estimated useful life. Depreciation is charged from the month of addition up to the month of disposal.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

Leases

Assets subject to finance lease

Assets subject to finance lease are accounted for by recording the asset and related liability at the amounts determined on the basis of lower of fair value of the asset and the present value of minimum lease payments.

The outstanding obligation under the lease less finance charges allocated to future periods is shown as a liability.

Financial charges are allocated to accounting periods in a manner so as to provide a constant periodic rate of charge on the outstanding liability.

Depreciation is charged on the leased assets on the basis similar to that of owned tangible assets.

Assets subject to operating lease

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit on a straight line basis over the lease term.

4.3 INVESTMENTS

The investments of the organization if any are classified under investments held for trading, held to maturity and available for sale. Investments in securities are recognized on a trade date basis and are initially measured at cost, which is the fair value of the consideration paid.

Subsequent measurement

- Held for trading

These are securities which are either acquired for generating a profit from short term fluctuation in prices, or are securities included in a portfolio in which a pattern of short term profit taking exists.

Held for trading investments are measured at subsequent reporting dates at fair value. Unrealized gains and losses are included in the net profit and loss account for the year.

Gain or losses on disposal are taken to profit and loss account currently.

- Available for sale

Investments which are intended to be held for an undefined period of time but may be sold in response to the need for liquidity or changes in interest rates are classified as available for sale.

Subsequent to the initial measurement of available for sale investments at cost, the fund measure the investments at their fair values. A gain or loss arising from a change in the fair value of available for sale investments is recognized directly in equity, until the investments is derecognized, at which time the cumulative gain or loss previously recognized in equity is recognized in profit and loss account.

Investments on associated undertaking are stated at cost. Permanent diminution in value, if any, is provided for.

- Held to maturity

Investments in fixed maturity, where the management has both the intent and the ability to hold the investments to maturity, are classified as held-to-maturity.

Subsequent to initial recognition at cost, these investments are measured at amortized cost less any accumulated impairment losses. Amortized cost is calculated taking into account any discount or premium on acquisition by using the rates as specified in respective investment rules.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

4.4 Investments in subsidiaries

Investments in subsidiaries are initially recognized and carried at cost. The carrying amount of investments is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indications exists the investment's recoverable amount is estimated which is the higher of its value in use and its fair value less cost to sell. An impairment loss is recognized if the carrying amount exceeds its recoverable amount. Impairment losses are recognized in Profit and Loss Account. An impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount but limited to the extent of initial cost of investments. A reversal of impairment loss is recognized in the Profit and Loss Account.

4.5 TRADE AND OTHER DEBTS

Trade and other debts are stated at original invoice amount as reduced by appropriate provision for debts considered doubtful. Debts considered irrecoverable are written off and provision is made against those considered doubtful of recovery.

4.6 PROVISIONS

Provision are recognized when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made.

4.7 TRADE AND OTHERS PAYABLE

Liabilities for trade and other amounts payable are stated at cost which is the fair value of the consideration to be paid in future for goods and services.

Liabilities are booked on the basis of Procurement orders issued during the financial year. This treatment is in accordance with the industry practice followed by the government /semi-government organizations and is adopted to show the overall utilization of funds for the year and to meet the budgeted targets.

4.8 IMPAIRMENT

At each balance sheet, the company reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the greater of net selling price and value in use.

If the recoverable amount of an asset is established to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. Impairment losses are recognized as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined has no impairment loss been recognized for the assets in prior years. A reversal on a impairment loss is recognized as income immediately.

4.9 REVENUE RECOGNITION

Income are recorded on an accrual basis.

Income on investments / deposits is accrued on a time proportionate basis, taking into account the effective interest rates

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

4.10 CASH AND CASH EQUIVALENTS

Cash and cash equivalents are carried in the balance sheet at cost. For the purposes of the cash flow statement, cash and cash equivalents comprise of cash and cheques in hand, with banks on current and deposit accounts and running finance under mark-up arrangements, if any.

4.11 FINANCIAL INSTRUMENTS

- Financial assets

Financial assets comprise cash and bank balance, trade debts, advances and other receivables and investments. All financial assets are stated at their fair values.

- Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into. Significant financial liabilities are long term loans, obligation under finance lease, short term running finance and creditors, accrued and other liabilities and deferred liabilities.

Any gain or loss on the recognition and derecognition of the financial assets and liabilities is included in net profit and loss for the year in which it arises.

Assets and liabilities that are of contractual nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the company.

Offsetting of a financial asset and a financial liability

A financial asset and a financial liability is offset and net amount is reported in the balance sheet when an enterprise has a legally enforceable right to set off the recognized amounts; and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

4.12 EXPENSES

Expenses are recorded in the period in which they are incurred.

4.13 RELATED PARTY TRANSACTIONS

All transactions with related parties are priced on an arm's length basis. Prices for these transactions are determined on the basis of admissible valuation methods, which sets the price by reference to comparable goods sold in an economically comparable market to a buyer unrelated to the seller.
